What is Stone Chip Coated Steel Roof Tiles?

Structure of FERROOF's Tile

It is the steel roof tile coated with Stone Chip on the exposed surface which can replace many other roofing materials with its many benefits that can cover up the problems that traditional roof tiles have.

1. Acryl-top coat
2. Stone-chip
3. Acryl-base
4. Organic coat
5. AL-Zinc coat
6. Base coat
7. AL-Zinc coat
8. Organic coat
